Qualifications:

I am in this race to represent your and my children's educational needs - to help build a 21st century educational system that moves the Canyons School District from good to great. I want to be "Your Voice in Education". I am the father of five children - in elementary, middle, high school, and college levels. I want my children, and your children, to have a quality PUBLIC education opportunity. I am a member of the Jordan High School Community Council and served on the Canyon School District Student Enrollment and Facilities Task Force. I will look fairly at all the issues and work together with all parties to make the right decisions for our children's future. My four major areas of focus will be **1) Quality Education, 2) Balanced Curriculum, 3) Parent and Community Involvement, and 4) Financial Responsibility**. I want to make a difference in my community for our children's education. I can see no better place in which to provide public service than on the Canyons School Board at this important time in the development of our children's educational system.
